VALUATION

When you book a market appraisal for your rental property with Richard Kendall, one of our experienced and qualified members of staff will initially visit the property and provide our opinion in respect of the presentation of the property, together with a view of the monthly rent that you could expect to achieve if Let in today's market.

At the time of our valuation we will also discuss with you the various options you have in renting out your home through Richard Kendall Estate Agent.

OUR MANAGED SERVICE

All our properties for rent are marketed from our six branches and we can arrange viewings for interested parties within each of these offices, over the telephone or via email. It would be our pleasure to accompany all viewings if you or the present occupant are unable to facilitate them. We have 3 dedicated accompanied viewers who are available 7 days a week.

Once a tenant is interested in renting your property a full application is completed, which is then put forward to you for your consideration. If you are satisfied with the applicant we then move forward to fully credit search and reference the tenants. These references are carried out by Van Mildert.

Once satisfactory references are obtained, we then arrange a tenancy commencement date, liaising with you and your prospective tenant. The tenancy is an assured shorthold tenancy and is usually for a six month fixed term initially. A full inventory is carried out prior to the commencement of the tenancy. The first months rent and bond/deposit is collected on commencement of tenancy and we will hold the deposit as stakeholder under the terms of the TDS.
